

Appl. No. 10/058,490
Reply to Office Action of December 26, 2007
Amendment dated: June 26, 2008

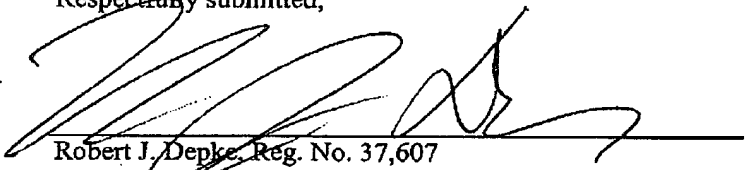

REMARKS

Applicant hereby responds to the outstanding office action in this matter. The only rejections are provisional double patenting rejections based upon the claims of application serial number 09/450,023 which the Examiner has indicated will be allowed but no formal allowance has issued. Accordingly, Applicant submits that the requirement for a terminal disclaimer is premature until such time as an actual formal Notice of Allowance is issued. Applicant will submit an appropriate terminal disclaimer upon receiving a Notice of Allowance for the referenced application.

In light of the foregoing, Applicant submits that the claims in the instant application stand in condition for allowance as all remaining rejections have been addressed. Applicant invites the Examiner to contact the undersigned directly via telephone when the referenced application is formally allowed and a terminal disclaimer will be submitted at that time.

Respectfully submitted,

Date: 6/26/08
